DAILY KENTUCKIAN

"GREATER HOPKINSVILLE WANTS YOU"

Established 1879 Vol. XL—Daily Vol. 1. No. 20

HOPKINSVILLE, KENTUCKY, TUESDAY, APRIL 2, 1918.

Price 3 Cents.

EDITORIAL COMMENT

Call 448 if you fail to get the Kentuckian promptly. And if you have a news item, please it to the same number.

The first April shower made good yesterday afternoon.

Get ready for the new Liberty Bonds to be put on sale April 6.

Maude Adams in Louisville this week in "A Kiss For Cinderella."

The Senatorial election to-day will show where Wisconsin stands.

American engineers fought with the British soldiers Saturday in holding one section of the front.

The long range gun again bombarded Paris yesterday.

More than 20,000 soldiers have recently been sent away from Camp Taylor.

President Wilson has approved Mr. Hoover's plan to fix the prices of meats by food regulations.

Yesterday was April 1st, but up to midnight Hindenburg had not reached Paris.

Nor than 100 I. W. W.'s charged with conspiracy to balk war plans, were arraigned for trial at Chicago yesterday.

An American widow, Mrs. Borlen-Turner, of Chicago, has captured a British general in Paris, Gen. E. L. Spier.

The Turks in the vicinity of the Dead Sea have been cut off by the British and a good many of them left in the same condition as the sea.

Albert H. Brownell, a former Hopkinsville boy who is teaching at Olmsted, Ky., is engaged in a controversy with the editor of the Courier-Journal over the wisdom of regulating the price of wheat.

The men who are interfering with the war plans of the government at a time like this, by strikes and conspiracies, should be treated like the traitors they are and the ring leader at least, stood up before a firing squad and the rank and file sent to the trenches.

PRINTERS NEEDED.

The Kentuckian is still short a job foreman, a pressman and an additional linotype operator. Permanent jobs for the right men. We are turning off business we are unable to handle for lack of more force.

FOLLOWING THE FLAG.

The parents of William Jones, who was wounded in France Feb. 26, yesterday received the first letter from him since that date. It was written March 10 and stated that he would be able for duty in a few days. He gave no details of his injuries except to say that he had been "laid up for a few days." The official report characterized his wounds as "severe."

Five of the seven High School boys who went to Paris Island last week passed the examination. Richard Durrett was held for further examination and Gilbert Broadman was rejected on account of physical disqualifications.

Marion H. Meacham is home this week from Camp Taylor and when his furlough is ended will go to Camp University, near Washington, to which he has been transferred.

WM. THOMPSON

OPERATED UPON YESTERDAY AT THE STUART HOSPITAL.

William Thompson, a son of Rev. C. M. Thompson, who is a salesman of the Hardwick jewelry store, underwent an operation yesterday afternoon at the Jennie Stuart Hospital. It was a serious nature but the young man was reported to be getting along nicely last night.

SPRING TERM.

The Kentucky court of appeals will convene for its spring term on April 8. August 27, 1918, is the last day for filing appeals for the fall term of the appellate court.

LIBERTY LOAN HEADQUARTERS

Now Open In the Old Y. M. C. A. Building On East Ninth Street.

EQUIPMENT DONATED

Rooms Handsomely Decorated and All Conveniences Arranged in Place.

The rooms have been decorated with flags, bunting, and flowers and the arrangement for seating the crowds during public meetings is ideal. A secretary's desk is located in one room with telephone donated by the Christian-Todd Tel. Co. The number of this phone is 16. T. L. Metcalfe has donated generously of flowers from his green house. The Campbell-Coates Drug Co., is giving free the use of an Edison with a supply of records and George Smith is donating the piano. Come in and play or listen to fascinating music. Many of the flags were donated by Frank's Busy Store and The J. H. Anderson Co. The Planters Bank & Trust Co. donated the large likeness of Pres. Woodrow Wilson and Judge James Breathitt loaned the use of large pictures of Jefferson and Lincoln. In addition to the hundred chairs belonging in the building, 48 have been furnished by Waller & Trice, furniture dealers.

In order that the headquarters may be as attractive and useful at night as in daytime the building has been lighted by the Ky. Public Service Co. and the current will be furnished by them. An unusual and special feature will be the lighting up of the building front by two large search, or head lights furnished by J. M. Forban of the Morgul Wagon Co., and erected across the street by Mr. Wells of the Ky. Public Service Co. These will make the front as light as day.

Due credit for the arrangement of the equipment and decorations should go to Messrs. W. B. Crawley and N. B. Newton, Messdames Stanley West, Henry Hurt, and W. R. Crawley and Misses Nannie Boyd and Edith Rice, who constituted a committee to put things in order. Address: "I'm a G-f-bom-u-a-w-e-l-l-h-m-m-m"

CIGAR FACTORY APPLICATION

WILL BE SOUGHT TODAY—NUMEROUS SOLICITORS WILL BE BUSY.

Hopkinsville business people are determined that the big cigar factory proposed by the American Cigar Co. shall be located in this city. The only obstacle now staring them in the face is a lack of the required number of applications for work in the said factory. Girls and women only are employed and after a few weeks training are able to make splendid wages. However, \$4.00 per week is guaranteed each worker for the first 3 or 4 weeks while the person is learning.

A large number of applications are already in the hands of the committee and are continuing to come in. This morning at 8:30 the committee will meet at the H. H. M. A. where they will be assigned territory to work and receive instructions and get application blanks. A number of business houses will furnish one or more canvassers and as many as can will please furnish cars for the parties going to the outlying districts of the city. The collectors will go in parties of 2 or 4 and be assigned a definite section of the city to canvass.

This is the big drive so everybody should be on hand promptly at 8:30 and not delay the start by arriving late. Every person who can say a kind word (anybody but a grouch or pessimist can) in this proposition should put his shoulder to the wheel and aid the committee in this extraordinary effort.

THREE BIG ONES.

Congress this week is expected to complete the new Liberty Loan legislation, the bill created a War Finance Corporation and the Webb Export Bill.

NEW TIME SCHEDULE

WENT INTO EFFECT IN HOPKINSVILLE AND LITTLE CON-FUSION HAS RESULTED.

Little confusion resulted from the change from standard time to war time Saturday night in Hopkinsville. The city clock was promptly run up an hour at midnight and clocks generally were moved forward.

Night workers in the city, including the Daily Kentuckian force, saw the time change go into effect and there was a peculiar sensation of having lost an hour some place. The night was eleven instead of twelve hours long, according to the clocks, but the workers will make up the lost time in October, when the clocks will be changed back, and the night will be thirteen hours long as a result.

The railroads all changed time at 2 o'clock Sunday morning.

An L. & N. train due to leave Evansville at 2:30 o'clock for Nashville, laid at the L. & N. station for five minutes, then arrived here an hour late because of the time change.

An unusual feature of the time change was brought out by the railroad officials. When the clocks are changed back, the last Saturday in October, trains will be an hour ahead of time, something hitherto unheard of in traveling circles.

The churches all adjusted themselves to the new schedule and there were many tardy ones at Sunday school. Dinner came earlier and there was a hustling around before dark to get to church in the evening. From now on things will run about as heretofore. The public schools adopted the new time yesterday by action of the board of trustees, although Supt. Marion had expressed a preference for a change that would make the opening hour 9:45 by the new time, leaving the old time unchanged.

DEATH CLAIMS DAUGHTER

OF HOPKINSVILLE BUSINESS MAN—GIRL HAD LONG BEEN ILL.

Many friends and relatives were made sad to learn of the death yesterday afternoon of Louise, the bright 14-year old daughter of Mr. and Mrs. Odie Davis, on South Virginia street. Death was caused by diabetes and was unexpected, though the child had been in ill health the past eighteen months. She had been down town Saturday afternoon and became ill during the night and gradually grew worse till the end.

The funeral will be held at 4 o'clock this afternoon at the residence by Rev. A. S. Anderson, after which burial will be in Riverside cemetery.

DUDLEY STOWE

FORMERLY OF THIS CITY DIED IN REDLANDS, CALIFORNIA, SATURDAY.

Mr. W. Dudley Stowe died at his home in Redlands, Cal., Saturday, aged 57 years, of Hodgkins disease. Mr. Stowe was born in this county and was a son of the late W. T. Stowe. Most of his early life was spent on a farm in this county, in the Julian neighborhood. He then moved to this city and after a few years in business he moved to Redlands nine years ago. He was a prosperous planter and real estate dealer. His health became impaired a year or two ago.

Mr. Stowe's wife who was Miss Nannie Edwards, died about a year ago. He is survived by two daughters, Mrs. Marion Frost and Miss Irma Stowe. Also three brothers and two sisters—E. A. Stowe, of Redlands, and G. H. Stowe, R. T. Stowe, Mrs. Julia Baker, and Mrs. A. M. Henry, all of this city and county. Mr. Stowe was a member of the Baptist church and was an upright, honorable man and a consistent Christian. The interment took place at Redlands, Sunday.

75,400 TO HELP THE HUNS

Time For Drastic Action If This Government Is a Strong Government.

HUNS GETTING IN WORK

Danger of a Complete Tie-up of War Preparations By Disloyal Strikers.

(By International News Service.)

New York, April 1.—Marine workers of New York numbering 70,000 will strike tomorrow unless wage in-will strike tomorrow unless wage in-would lie up all shipping, including the movement of troops' supplies to Europe.

Here's Another.

Norfolk, Va., April 1.—Five thousand mechanics struck late today, at Big Point and Big Bluff. The strikers represent practically every trade employed in shipyard construction. They demand wage increases. Four hundred mechanics at Langley aviation works struck in sympathy. The government may take drastic action.

AMERICANS BEING SENT INTO ACTION

(By International News Service.) Washington, April 1.—Gen. Pershing has organized his first corps of expeditionary force, according to advice received by the War Department tonight. A corps consists of from two to six divisions and each division of 28,000. It is understood that the American forces are being sent into action in two columns.

MONEY FLOWS TO RED CROSS

LARGE SUMS RECEIVED FROM PRIVATE PEAT LECTURE AND TOBACCO SALES.

The total receipts from the Private Peat lecture Saturday night amounted to \$1,258.00 and the attendance was about 1,000 children and 2,000 adults. Private Peat was paid \$175 and there was an advertising and incidental expense of something like \$75. Consequently the Red Cross nets in round numbers \$1,000 from this one lecture. The audience Saturday night was one of the largest and most enthusiastic ever seen in the big Tabernacle.

Yesterday the Red Cross Tobacco Sales Committee again held their weekly sale and reached a high point, receiving from the sale a total of \$717.40. The sale of the large ham brought \$40 and was purchased by Capt. Cherry who gave it back to Mrs. Kitchen. These sums with the \$30 donated by the Methodist church Sunday night gives the local chapter of the Red Cross something like eighteen hundred dollars ready cash which is much needed and highly appreciated. All this will be used to purchase materials for articles to be made and forwarded to our soldiers and for such other purposes as are necessary in furthering the work of this organization.

CELTIC HIT

(By International News Service.) New York, April 1.—The White Star liner, Celtic, was torpedoed but probably will be saved, according to a telegram received to-day by an official of the line. No additional details given.

BOASTFUL BOCHE TALKS

SAYS THE NEW LONG RANGE GUNS SHOOT 18 MILES HIGH.

Lieut. Gen. von Rohne, a German authority on ordnance and inspector of artillery, gives, in a magazine of which he is editor, details in regard to the long distance German guns with which Paris is being bombarded. He says they are twenty meters (65 1/2 feet) long. The empty shell weighs 150 kilograms (330 pounds) and the charge weighs the same. The projectile attains a height of thirty millimeters (18.6 miles) and descends from the sky like a meteor on its target.

General von Rohne says it requires about three minutes for the shell to reach its destination. The greatest difficulty in the way of increasing the range was overcome by sending the projectile high enough to reach the rarified air.

It appears the Germans are extremely proud of the bombardment of Paris.

SPARTANBURG SOLDIER DIES

REMAINS WILL ARRIVE THIS EVENING ON DIXIE FLYER FROM CAMP WADSWORTH.

A telegram was received last night by the Keach Furcure Company from an army official at Camp Wadsworth, Spartanburg, S. C., to be ready to receive the body of John Johnston, a soldier who died in camp and whose body is being returned here for burial in the family burying ground near Kirksmansville. The body will arrive tonight at 7:05 on the Dixie Flyer and taken charge of by an undertaker and kept over night and taken Wednesday to Kirksmansville where interment will take place. The deceased was a son of Mrs. James Johnston, of near Kirksmansville. Just what was the immediate cause of the death is not known but it is supposed that the trouble was fever.

RUSH ORDERS FOR TROOPS

(By International News Service.)

Washington, April 1.—The President's plan is to get the greatest possible number of troops to France in the least possible time. No more furloughs or leaves of absence are to be granted except in extraordinary cases. Soldiers are being massed at certain Atlantic ports for embarkation. The national army divisions which may be first to go include those now at Camp Upton and Camp Yaphank, N. Y., Camp Dix, N. J., Camp Devens, Mass., and Camp Lee, Va.

QUICK WORK

WOMEN COMPLETE FOUR-DAYS TASK IN ONE AND A HALF DAY.

A telegram came at noon Saturday to Miss Sallie George Blakey, chairman of the Surgical Dressing Class, asking for 250 absorbent pads for the army. Miss Blakey at once marshaled her forces and that afternoon 83 of the pads were completed. Yesterday, assisted by the Episcopal unit, the workers had finished the task by 5 o'clock. The shipment was to be made Thursday, but is ready to go Tuesday. That is the way the patriotic women of Hopkinsville respond when called upon.

SEND THEM TO THE TRENCHES.

Carpenters and joiners employed at the Hampton Roads naval base voted to strike if their demands for higher wages and an eight-hour day are not granted.

Battle Centers On Moreuil Front and a Decision Will be Reached.

FIGHTING MAY CONTINUE FOR DAYS LONGER

Rain Floods the Battle Field and the Roads Are Seas of Mud and Water.

(By International News Service.)

AMERICAN ARMY IN FRANCE, APRIL 1.—IT IS RAINING, THE HIGHWAYS ARE SEAS OF MUD, THE FEELING IS EXPECTANT BUT NOT DEVOID OF SEMI-APPREHENSION AS THE CRITICAL SITUATION BECOMES MORE TENSE AND THE TIDE OF BATTLE LEAPS HIGHER TOWARDS THE ZENITH. ALL FRONT COMMUNICATIONS SHOW THE FIGHTING IS BECOMING FIERCE. TROOPS ARE NOW OPERATING IN THE OPEN, AS THE BATTLE GROUND HAS SHIFTED SO RAPIDLY AND SWIFT THE TROOPS ENTIRELY OUTSIDE ANY PREVIOUS ENTRENCHED POSITIONS. THE WHOLE WEIGHT OF THE WORLD WAR IS GRADUALLY CENTERING ON THE FORTY MILE FRONT BETWEEN AMIENS AND COMPIEGNE, WHERE INDICATIONS POINT TO A DECISION BEING REACHED.

TONIGHT VON HINDENBURG'S GREAT ARMY STAND CHECKED FAR FROM PARIS. RIVERS OF GERMAN BLOOD ARE BEING SPILLED IN VAIN. WHILE BY SUPREME EFFORTS THE TROOPS HAVE CAPTURED SOME TERRITORY, THEIR OBJECTIVE, TO BREAK THROUGH THE AL-

LIED LINE, HAS UTTERLY FAILED. ALL FRONT DISPATCHES INDICATE THAT DESPERATE FIGHTING IS STILL IN PROGRESS. IT IS INDICATED THAT FIGHTING WILL CONTINUE SEVERAL DAYS OR WEEKS, BUT FOR THE FIRST TIME THE BRITISH REPORT THE EMPLOYMENT OF CAVALRY. THESE TROOPS WERE USED IN THE VICINITY OF MOREUIL AND SUCCEEDED IN RECOVERING SOME LOST GROUND.

WITH THE FATALISTIC PERSISTENCY OF A LOSING GAMBLER, HINDENBURG IS HURLING MASS AFTER MASS INTO HIS CENTER, ON THE FRONT BETWEEN MONTDIDIER AND MARCEL CAVÉ, WHICH HAS LENGTHENED TO THIRTEEN MILES. HE PURSUES, DESPITE THE IN-DISCRIMINABLE BLOOD BATH IN WHICH THOUSANDS UPON THOUSANDS OF HIS BEST FIGHTERS HAVE BEEN SUFFOCATED DURING THE TEN DAYS OF WIN OR LOSE STRUGGLE, THE SAME AIMS FOR WHICH HE SET OUT, NOT FAILED TO GAIN, IN THE FIRST VIOLENT SWEEP, THE SEPARATION OF THE FRENCH AND BRITISH ARMIES.

WASHINGTON WAR SUMMARY

(By International News Service.) Washington, April 1.—President Wilson to-day tentatively accepted an invitation to make a war speech at Baltimore next Saturday, on the occasion of the opening of the Third Liberty drive.

Secretary of War Baker will return to Washington after making a hurried trip to the Italian front.

Generals Pershing and Bliss to night reported the situation on the West front steadily improving.

Executive orders have been issued which will place in France or enroute, by August 1, all troops now in cantonments in this country. Less than 15 per cent will be retained for training purposes. This is a summary of the war news as centered at the White House.

FORGER HAS NOT BEEN CAUGHT

NEGRO WHOSE CRIMES WERE REPORTED IN SUNDAY'S KENTUCKIAN NOT LOCATED.

No arrests have been made in the forgery case of Saturday night. The negro who passed five forged checks on five different drugstores encountered Policeman Joe Wolfe in Higgins' drug store and spoke to him and called him "Mr. Joe." The officer was passing in as he passed out and paid but little attention to him. It is believed the yellow negro had a confederate, as he bought bottles of medicine at all of the stores visited and carried no bundles on his round.

J. C. Johnson, who spent three weeks at Hot Springs, Ark., returned home Sunday night. His health is improved.

Hopkinsville seed corn is being advertised in papers in the extreme Eastern counties of the state.

ALLIANCE TO QUIT BUSINESS

(By International News Service.) Washington, April 1.—Further political activities of the German-American alliances were brought to light this afternoon before the sub-committee of the Senate judiciary committee. This sub-committee adjourned indefinitely and is not expected to summons any additional witnesses. It is generally believed the alliance will disband voluntarily before the full committee will take action on the resolution which seeks a revocation of its charter.

DIGGING IN SAYS PERSHING

(By International News Service.) Washington, April 1.—Both sides are "digging in" between Montdidier and Noyon, General Pershing reported to-night to the War Department.

NEW LIST

(By International News Service.) Washington, April 1.—The shipping board will shortly issue a second list of raw materials and finished products, the importations of which will be refused by the United States.

GEO. SMITHSON RETURNS.

George Smithson, who had been in New Mexico for the past eight years, returned home a few days ago and will engage in the grocery business in Clarksville. Mr. Smithson is a son of Mr. C. W. Smithson, of near Oak Grove.

OUR SERVICE FLAG

A pie sold at Union, Ill., for \$828.
A farmer with the German name of
Bohlerer bought it.

The name of Berlin, Michigan, is
to be changed to Pershing. It is a
town of 450 people.

Many freight trains filled with
wounded lying on beds of straw are
passing continually back to Germany.

Christian county Liberty Bond
quota this time is only \$287,700,
much lower than was expected. It
should be subscribed in one day.

British casualties for March were
14,090 including 3,044 killed or died
of wounds. This does not include
the battle now raging.

Air fighting continues very heavy.
Friday the British dropped 26 tons
of bombs and brought down 16 Ger-
man planes. Twelve of their own
failed to return.

Madame Starch, a young Turkish
woman held as a spy in New York,
died Saturday of pneumonia. She
was at Ellis Island awaiting deporta-
tion. She was 23 years old and was
charged with being the leader of a
gang of spies.

Fifty-four of those killed in the
church shelled by the Huns Friday
night, in Paris, were women who
were engaged in a prayer service.
A hole 12 by 20 feet was torn in
the wall and the debris fell in-
ward on the worshippers. There were
135 victims, 75 killed outright. Sun-
day morning another bombardment
with long range guns killed 8 and
wounded 37, most of them women
and children.

In spite of reassuring headlines
in the papers, the German invaders
of a new section of France have
reached a point almost due North of
Paris, and within 57 miles of the
city. We had hoped that long be-
fore this time the foe would have
been beaten back. If we have 800,
000 reserves ready it is hard to un-
derstand why the Huns are still the
aggressors and are even reported to
be digging in along the new line.
We are all confident of ultimate
triumph but the bare facts will not
permit us to be jubilant. But things
will soon come to a focus.

Being Ahead of the Times.
The world calls every man that is
ahead of his age a crank. There is no
disgrace in it. It may be a little hard
not to be understood and appreciated
when you know you have what the
world needs, notes on exchange, but
remember, that's the way with the
world. It sometimes takes years, and
even centuries for people to appreciate
what's beyond their experience.

TERRIBLY SWOLLEN

Suffering Described As Torture
Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of
this place, writes: "My husband is an
engineer, and once while illing, he in-
jured himself with a piece of heavy ma-
chinery, across the abdomen. He was
so sore he could not bear to press on
himself at all, on chest or abdomen. He
weighed 165 lbs., and fell off until he
weighed 110 lbs., in two weeks.

He became constipated and it looked
like he would die. We had three different
doctors, yet with all their medicine, his
bowels failed to act. He would turn up
a ten-cent bottle of castor oil, and drink
it two or three days in succession. He
did this yet without result. We became
desperate, he suffered so. He was swollen
terribly. He told me his suffering
could only be described as torture.

I sent and bought Thedford's Black-
Draught. I made him take a big dose,
and when it began to act he tained, he
was in such misery, but he got relief and
began to mend at once. He got well,
and we both feel he owes his life to
Thedford's Black-Draught."

Thedford's Black-Draught will help you
to keep fit, ready for the day's work.

"Over the Top"

By An American Soldier
Who Went

ARTHUR GUY EMPEY
Machine Gunner Serving in France

(Copyright, 1917, by Arthur Guy Empey)

Then we had what we called our
"commissions." These are strands of
barbed wire about three feet long,
made into a noose at one end; at the
other end, the barbs are cut off and
Tommy slips his wrist through a loop
to get a good grip on the wire. If the
prisoner wants to argue the point, why
just place the large loop around his
neck and no matter if Tommy wishes
to return to his trenches at the walk,
trot, or gallop, Fritz is perfectly agree-
able to maintain Tommy's rate of
speed.

We were ordered to black our faces
and hands. For this reason; At night,
the English and Germans use what
they call star shells, a sort of rocket
affair. They are fired from a large
pistol about twenty inches long, which
is held over the snubbing parapet of the
trench, and discharged into the air.
These star shells attain a height of
about sixty feet, and a range of from
fifty to seventy-five yards. When they
hit the ground they explode, throwing
out a strong incandescent light which
glows in a circle of a radius of
between ten to fifteen yards. They
also have a parachute star shell which,
after reaching a height of about sixty
feet, explodes. A parachute unfolds
and slowly floats to the ground, light-
ing up a large circle in No Man's Land.
The official name of the star shell is a
"Very-light." Very-lights are used
to prevent night surprise attacks on
the trenches. If a star shell falls in
front of you, or between you and the
German lines, you are safe from detec-
tion, as the enemy cannot see you
through the bright curtain of light.
But if it falls behind you, as Tom-
my says, "You get in the star shell
zone," then the fun begins; you have
to lie flat on your stomach and remain
absolutely motionless until the light of
the shell dies out. This takes any-
where from forty to seventy seconds.
If you haven't time to fall to the
ground you must remain absolutely
still in whatever position you were in
when the light exploded; it is advis-
able not to breathe, as Fritz has an
eye like an eagle when he thinks you
are knocking at his door. When a star
shell is burning in Tommy's rear he
can hold his breath for a week.

You blacken your face and hands so
that the light from the star shells will
not reflect on your pale face. In a
trench raid there is quite sufficient
reason for your face to be pale. If you
don't believe me, try it just once.
Then another reason for blackening
your face and hands is that, after you
have entered the German trench at
night, "white face" means Germans,
"black face" English. Coming around
a traverse you see a white face in
front of you. With a prayer and wish-
ing Fritz "the best of luck," you intro-
duce him to your "perambulator" or
knuckle knife.

A little later we arrived at the com-
munication trench named Whisky
street, which led to the fire trench at
the point we were to go over the top
and out in front.
In our rear were four stretcher bear-
ers and a corporal of the R. A. M. C.,
carrying a pouch containing medicines
and first-aid appliances. Kind of a
grim reminder to us that our expedi-
tion was not going to be exactly a pic-
nic. The order of things was reversed.
In civilian life the doctors generally
come first, with the undertakers tag-
ging in the rear and then the insur-
ance man, but in our case, the under-
takers were leading, with the doctors
trailing behind, minus the insurance
adjuster.

The presence of the R. A. M. C. men
did not seem to disturb the raiders, be-
cause many a joke made in an under-
tone, was passed along the whistling
column, as to who would be first to
take a ride on one of the stretchers.
This was generally followed by a wish
that, if you were to be the one, the

wound would be a "coshy" thing,
one."

The stretcher bearers, no doubt
hoping that, if they did have to carry
anyone to the rear, he would be small
and light. Perhaps they looked at me
when wishing, because I could feel an
uncomfortable, boring sensation be-
tween my shoulder blades. They got
their wish all right.

Going up this trench, about every
sixty yards or so we would pass a ton-
ley sentry, who in a whisper would
wish us "the best of luck, mates." We
would find at him under our breaths;
that Jonah phrase to us sounded very
ominous.

Without any cannisters the mistral
troop arrived at Suicide ditch, the
front-line trench. Previously, a wiring
party of the Royal Engineers had cut
a lane through our barbed wire to en-
able us to get out into No Man's Land.

Crawling through this lane, our
party of twenty took up an extended-
order formation about one yard apart.
We had a tap code arranged for our
movements while in No Man's Land,
because for various reasons it is not
safe to carry on a heated conversation
a few yards in front of Fritz's lines.
The officer was on the right of the
line, while I was on the extreme left.
Two taps from the right would tell
me to pass down the line until I received
them, then I would send back one tap.
The officer, in receiving this one tap,
would know that his order had gone
down the whole line, had been under-
stood, and that the party was ready
to obey the two-tap signal. Two taps
meant that we were to crawl forward
slowly—and believe me, very slowly—
for five yards, and then halt to await
further instructions. Three taps meant,
when you arrived within striking dis-
tance of the German trenches, rush it
and inflict as many casualties as pos-
sible, secure a couple of prisoners, and
then back to your own lines with the
speed of a hare. Four taps meant,
"I have gotten you into a position from
which it is impossible for me to extri-
cate you, so you are on your own."

After getting Tommy into a mess on
the western front he is generally told
that he is "on his own." This means,
"Save your skin in any way possible."
Tommy leaves to be "on his own" behind
the lines, but not during a trench raid.

The star shells from the German
lines were falling in front of us, there-
fore we were safe. After about twenty
minutes we entered the star shell
zone. A star shell from the German
lines fell about five yards in the rear
and to the right of me; we hugged the
ground and held our breath until it
burned out. The smoke from the star
shell traveled along the ground and
crossed over the middle of our line.
Some Tommy sneezed. The smoke had
gotten up his nose. We crawled on
the ground, cursing the offender under
our breath, and waited the volley that
generally ensues when the Germans
have heard a noise in No Man's Land.
Nothing happened. We received two
taps and crawled forward slowly for
five yards; no doubt the officer be-
lieved what Old Pepper had said, "Per-
sonally I believe that that part of the
German trench is unoccupied." By be-
ing careful and remaining motionless
when the star shells fell behind us, we
reached the German barbed wire with-
out mishap. Then the fun began. I
was scared stiff as it is ticklish work
cutting your way through wire when
about thirty feet in front of you there
is a line of barbs looking out into No
Man's Land with their rifles lying
across the parapet, straining every
sense to see or hear what is going on
in No Man's Land; because at night,
Fritz never knows when a bomb with
his name and number on it will come
hurtling through the air aimed in the
direction of Berlin. The man on the
right, one man in the center and my-
self on the extreme left were equipped
with wire cutters. These are insulated
with soft rubber not because the Ger-
man wires are charged with electricity,
but to prevent the cutters rubbing
against the barbed wire stakes, which
are of iron, and making a noise
which may warn the inmates of the
trench that someone is getting fresh
in their front yard. There is only one
way to cut a barbed wire without noise
and through costly experience Tommy
has become an expert in doing this.
You must grasp the wire about two
inches from the stake in your right
hand and cut between the stake and
your hand.

If you cut a wire improperly, a
loud twang will ring out on the night
air like the snapping of a banjo
string. Perhaps this noise can be
heard only for fifty or seventy-five
yards, but in Tommy's mind it makes
a loud noise in Berlin.
We had cut a lane about halfway
through the wire when, down the cen-
ter of our line, twang! went an im-
properly cut wire. We crouched down,
cursing under our breath, trembling all
over, our knees lacerated from the
strands of the cut barbed wire on the
ground, waiting for a challenge and
the inevitable volley of rifle fire. Noth-
ing happened. I suppose the fellow
who cut the barbed wire improperly was
the one who had sneezed about half
an hour previously. What we
wished him would never make his new
year a happy one.

The officer, in my opinion, at the
noise of the wire should have given the
four-tap signal, which meant, "On your
own, get back to your trenches as
quickly as possible," but again he must
have relied on the spot that Old Pe-
pper had given us in the dugout, "Per-
sonally I believe that that part of the
German trench is unoccupied." Any-
way, we got careless, but not so care-
less that we sang patriotic songs or
made any unnecessary noise.

During the intervals of falling star
shells we carried on with our wire cut-
ting until at last we succeeded in vet-

ing through the German barbed wire.
At this point we were only ten feet
from the German trenches. If we were
discovered, we were like rats in a trap.
Our way was cut off unless we ran
along the wire to the narrow lane we
had cut through. With our hearts in
our mouths we waited for the three-
tap signal to rush the German trench.
Three taps had gotten about halfway
down the line when suddenly about ten
to twenty German star shells were
fired all along the trench and landed
in the barbed wire in rear of us, turn-
ing night into day and silencing us
against the wall of light made by the
flares. In the glaring light we were
confronted by the following unpleasant
scene.

All along the German trench, at
about three-foot intervals, stood a big
Prussian guardsman with his rifle at
the aim, and then we found out why
we had not been challenged when the
man sneezed and the barbed wire had
been improperly cut. About three feet
in front of the trench they had con-
structed a single fence of barbed wire
and we knew our chances were one
thousand to one of returning alive.
We could not rush their trench on ac-
count of this second defense. Then
"front of me the challenge, "Halt,"
given in English rang out, and one of
the finest things I have ever heard on
the western front took place.

From the middle of our line some
Tommy answered the challenge with,
"Aw, go to it—!" It must have been
the man who had sneezed or who had
improperly cut the barbed wire; he
waited to show Fritz that he could
die game. Then came the volley. Ma-
chine guns were turned loose and sev-
eral bombs were thrown in our rear.
The flares in front of me were looking
down his sight. This fellow might
have, under ordinary circumstances,
been handsome, but when I viewed him
from the front of his rifle he had the
goblins of childhood imagination re-
legated to the shade.

Then came a flash in front of me, the
flare of his rifle—and my head seemed
to burst. A bullet had hit me on the
left side of my face about half an
inch from my eye, smashing the cheek
bones. I put my hand to my face and
felt forward, biting the ground and
kicking my feet. I thought I was dy-
ing, but, do you know, my last life did
not unfold before me the way it does
in novels.

The blood was streaming down my
face, and the pain was awful. When
I came to I said to myself, "Emp, old
boy, you belong in Jersey City, and
you'd better get back there as quickly
as possible."

The bullets were cracking overhead.
I crawled a few feet back to the Ger-
man barbed wire, and in a stooping po-
sition, guiding myself by the wire, I
went down the line looking for the
lane we had cut through. Before
reaching this lane I came to a limp
form which seemed like a box of oats

... I could see that its hands were
blackened, and knew it was the body
of one of my mates. I put my hand
on his head, the top of which had been
blown off by a bomb. My fingers sank
into the hole. I pulled my hand back
full of blood and brains, then I went
crazy with fear and horror and rushed
along the wire until I came to our
lane. I had just turned down this lane
when something inside of me seemed to
say, "Look around." I did so; a bul-
let caught me on the left shoulder. It
did not hurt much, just felt as if some-
one had punched me in the back, and
then my left side went numb. My arm
was dangling like a rag. I fell forward
in a sitting position. But all the fear
had left me and I was consumed with
rage and cursed the German trenches.
With my right hand I felt in my tunic
for my first-aid or shell dressing. In
feeling over my tunic my hand came
in contact with one of the bombs which
I carried. Gripping it, I pulled the pin
out with my teeth and blindly threw it
towards the German trench. I must
have been out of my head, because I
was only ten feet from the trench and
took a chance of being mangled. If
the bomb had failed to go into the
trench I would have been blown to
bits by the explosion of my own bomb.
By the flare of the explosion of the
bomb, which luckily landed in their
trench, I saw one big Boche throw up
his arms and fall backwards, while his
rifle flew into the air. Another one
wilted and fell forward across the
sandbags—then blackness.

Realizing what a foolhardy and risky
thing I had done, I was again seized
with a horrible fear. I dragged myself
to my feet and ran madly down the
lane through the barbed wire, stum-
bling over cut wires, tearing my uni-
form, and lacerating my hands and
legs. Just as I was about to reach
No Man's Land again, that same voice
seemed to say, "Turn around." I did
so, when, "crack," another bullet
caught me, this time in the left shoul-
der about one-half inch away from the
other wound. Then it was taps for me.
The lights went out.

FARMERS RALLYING TO WIN THE WAR QUICKLY

The Man Behind the Plow as Neces-
sary as the Man Behind
the Gun.

Since the dark ages the farmer—the
most peace-loving citizen—has been
the man who suffered most from war.
His crops, his everything, are usually
consumed by the invading armies.

But the farmer is a warrior when he
once realizes that war is the only thing
that will keep him free. Since the war
was declared against the Central Pow-
ers he has not had the same chance to
quickly grasp what it is all about.

But now he is coming to a full
knowledge of the barbarous enemy
with which we are at war.

Reports from the rural districts
throughout the Eighth Federal Re-
serve District indicate that the farm-
ers are ready to assist in a heavy sub-
scription to the Third Liberty Loan,
which will be launched April 6.

We are now in the crucial year of
the war. Our boys are at the front,
hundreds of thousands of them in the
trenches and a million more ready to
go. The Treasury Department has the
whole burden of the war on its
shoulders.

Every nickel and dime that can be
raked up and scraped together will
help Uncle Sam whip the Hun. Don't
think the money left in the sock or
other hiding places will help. It must
be put into Liberty Bonds.

BUYER OF LIBERTY BONDS DISPLAYS TRUE PATRIOTISM

STAY-AT-HOME AMERICANS EX-
PECTED TO FURNISH MONEY
TO WIN WORLD WAR.

SUPPORT BOYS "OVER THERE"

Prompt Investment in Third Liberty
Loan Bonds Insures Quick End-
ing of World War With
American Victory.

The man who buys a Liberty Bond
becomes a real fighting soldier if he
purchases it in the spirit which the
government hopes he will.

Uncle Sam hopes that Liberty Bonds
will be bought at the expense of the
luxuries that no patriotic citizen has a
right to enjoy while American soldiers
are sacrificing their lives upon the bat-
tlefields of Europe.

In addition to becoming a patriot,
the Liberty Bond buyer becomes a
wise investor, because no other invest-
ment is absolutely safe.

Uncle Sam hopes you will enjoy
good health, and that you are patriotic
enough to want to help whip the Ger-
mans, free the world and bring a last-
ing and a durable peace. Begin to dig
in and help to erect the home defenses
against "Butcher Bill." Boast for your
own boy, who is or perhaps soon will
be in France, or your neighbor's boy,
to whom you should show much grati-
tude.

Realize Nation is at War.
American citizens are slowly coming
to realize that the nation is at war and
that the struggle in Europe is not a
kindergarten affair—not a wrist-tap-
ping contest. Until every man, woman
and child in America awakes to this
grim fact he or she is working to the
advantage of the Hun.

America is in this war to win. Amer-
ica must win or the Kaiser will rule
the world and the Anglo-Saxon will be
the vassal of the Prussian and human
rights will continue to be violated.
Failure to buy a Liberty Bond and help
support the men in the trenches means
a victory for the Germans, prolongs
the war and sacrifices American lives.

Every Man Must Do Bit.
Uncle Sam is in dire need of aid and
it is up to every patriotic citizen to do
his bit. When men are giving their
lives for those who stay at home and
enjoy peace and the comforts of home,
it is a small thing to invest money in a
Liberty Bond. The sooner Ameri-
cans realize that defeat for the Allies
means slavery for not only the nations
of Europe but the United States the
quicker they will throw their whole
resources into this struggle for liberty
and justice.

The war has not yet been brought
home to this great land of the free and
the home of the brave. It soon will be,
though, because the gallant men in
khaki are gathering upon the blood-
stained fields of France for the great-
est conflict ever waged by free peoples
against a ruthless, inhuman foe.

American soldiers are being killed
daily—your boy and your neighbor's
boy are giving their lives for you. Do
you appreciate it? Buy a Liberty Bond
and show your gratitude. You are a
patriot if you do, a craven if you do
not—but you will!

CHANCE TO MAKE \$50

To the Teachers and Trustees of
Christian County Schools:

The managers of the Third Liberty
Loan Campaign realizing what a
great force the children are in every
community, earnestly urge that spe-
cial work be done among the school
children during this campaign. Child-
ren are by nature responsive and
patriotic and can always arouse much
interest in their families about things
in which they take a part.

To stimulate their interest in this
work, Mrs. Donald McDonald, of
Louisville, Ky., Chairman of the wo-
man's Committee of the Liberty Loan
in Kentucky, has offered a fifty dol-
lar Liberty Bond as a prize to the
child in the public schools who writes
the best essay on a Liberty Bond.
This essay is limited to 250 words,
and the contest is to be for the child-
ren in the grades from the fifth grade
through the first year High School.

For the younger children, from the
first to fifth grade, a prize of a beau-
tiful silk flag is offered for the best
essay on the same subject, limited to
150 words.

For the Christian county school
children, in addition, Mr. Claud R.
Clark, of Hopkinsville, who is always
so public spirited and enthusiastic
in every good work for the county,
has offered a \$5 Thrift Stamp for
the best essay written by a child in
the county schools.

For the city schools a prize of a
Thrift Stamp has been offered by
Mr. Ira L. Smith.

The essays in each school should
be judged by a committee appointed
by the trustee, the best one selected
and sent to Mrs. Ira L. Smith in
Hopkinsville, Chairman of the School
Committee, who will forward it to
Mrs. McDonald, of Louisville. These
essays should be sent in by April 27.

Another feature of great interest
for the children during the Liberty
Loan Drive will be the Liberty Bell
exercises which will take place in
Hopkinsville, on Friday, April 12th.
The managers are very desirous of
having every child in the county who
can possibly come to be present at
these patriotic exercises and request
that each one will have a nickel to
go in the crack of this famous Lib-
erty Bell. The funds thus collected
will be used to buy Liberty Bonds
for the benefit of the Red Cross.

We earnestly ask the assistance
of every teacher in the county in this
great work. Please do not only do
"your bit" but "your very best." Do
all you can to arouse the enthusiasm
of the children, and through them the
parents. Make this day, April 12th,
one long to be remembered, for its
spectacle of patriotism and its im-
press upon the children's hearts.

Please let me hear from you at
once if you can arrange to have
your school take part and you will be
notified concerning any further plans
or arrangements.

Yours most sincerely,
MRS. IRA L. SMITH,
Ch'm School Committee.

Special Train

OF

French and British Officers

Thursday Morning, April 4th

AT

HOPKINSVILLE, KY.

The U. S. Government is sending to Christian County on special train French and British officers who have seen active service during these three years in the trenches on the Western Front.

These men come to us under instructions of the Government to take the veil off and let the people of Christian County know just what grave days are in front of them and their Government.

The great German Army is knocking at the doors of Paris, and who knows what will happen if the line breaks.

These men will bring a message to us that will follow us to our graves.

The officers will speak at Union Tabernacle at 2:00 P. M. and 7:30 P. M.
